A. Overview of Information Collection

Title of Information Collection: Single Family Premium Collections Subsystem-Upfront.

OMB Approval Number: 2502-0423.

OMB Expiration Date: April 30, 2023.

Type of Request: Revision.

Description of the need for the information and proposed use: SFPCS-U strengthens HUD's ability to manage and process upfront single-family mortgage insurance premium collections and corrections to submit data. It also improves data integrity for the Single Family Mortgage Insurance Program. FHA approved lenders use Automated Clearing House (ACH) applications for all transmissions with SFPCS-U. The collection of information is used to update HUD's Single Family Insurance System. The information collection is also used in calculating refunds due to former FHA mortgagors when they apply for homeowner refunds of the unearned portion of the mortgage insurance premium, 24 CFR 203.283, as appropriate. Without this information the premium collection/monitoring process would be severely impeded, and program data would be unreliable. In general, lender respondents use the ACH applications to remit the upfront premium through SFPCS-U to obtain mortgage insurance for the homeowner.

Respondents: Business or other for profit.

Estimated Number of Respondents: 2,365.

Estimated Number of Responses: 20,788.

Frequency of Response: 8.79.

Average Hours per Response: .15.

Total Estimated Burden: 3188
